SUMMARY

Self-taught Frontend Developer with hands-on experience building responsive web applications using HTML, CSS, and JavaScript. Experienced in developing personal projects from concept to deployment, including an e-commerce website and portfolio website. Actively learning React, API integration, AI-powered web applications, and modern frontend development practices. Seeking internship, junior developer, and freelance opportunities to gain industry experience and contribute to real-world projects.

PROJECTS

E-Commerce Website

Developed a responsive e-commerce website using HTML, CSS, and JavaScript. Implemented product listings, product detail pages, shopping cart functionality, checkout workflow, and responsive layouts. Designed, developed, and deployed the project independently.
